Estimate details

Estimate no.: 2983

Estimate date: 10/18/2024

Product or service	Description	Amount
Ditek D200m Surge Suppressor	Install surge suppressor between elevator control panel and 480v elevator disconnect - we will disconnect partial conduit between elevator controller and 480v elevator disconnect to fit surge suppressor. Mount surge suppressor. Connect existing 480v disconnect to surge suppressor and then to elevator control panel with EMT conduit. Install wire from disconnect to polaris insulated tap connectors that feed the suppressor and elevator control panel. All wires will be phased with brown, purple and yellow phasing tape. We will also check phase rotation before and after installation. Job will be permitted and inspected by The Town of Jupiter	\$2,950.00
Ditek D200m-480YM replacement spd module for D200m-277/480		\$1,188.00
Total		\$4,138.00

Note to customer

Surge Suppressor price subject to change after 11/15/24
