DO NOT SIGN THIS AGREEMENT UNTIL COMPLETELY FILLED IN. NO VERBAL AGREEMENTS WILL BE HONORED Reminder
all estimate are biased on cash price

This proposal is for completing the job described above, based on our evaluation. It does not include unforeseen price increases or additional
labor and materials which may be required should problems arise. The prices quoted herein are valid for a period of 21 days from the date of
this document, after the 21 days a new quote must be resubmitted. All jobs will be completed in a timely manner. SP cannot be held
responsible for delays caused by bad weather, strikes, supplier shorts, unexpected difficulties or delays, or acts of Nature. DO NOT

SIGN THIS AGREEMENT UNTIL COMPLETELY FILLED IN. NO VERBAL AGREEMENTS WILL BE HONORED Payment Term:
Payment is due in full the day the job is completed and invoiced, not when you are paid by your customer. Reminder all estimate are biased
on cash price, you can change your payment method to a credit card if you choose to, a convenience fee will be add towards the full amount
of the invoice, estimate agreed. A fee of \$35.00 will be charged to your account if funds are unavailable at the time of transfer. Warranty is
not valid until the pool subcontractor has been paid in full.* 1 Year Warranty Labor Only, the **LIMITATIONS:** 1 Year Warranty is not valid
until the Invoice is Paid in Full and a release of lien is sent over when the invoice is paid* Signature serves as acceptance of proposal,
specifications, conditions and authorizes Sparkling Pool Finishes, LLC. To perform the work as described above. 1. This limited warranty
shall not cover damages to the Finish which have been physically damaged or faded, through lack of proper water chemistry balancing or
other chemical abuse, or sanitation applications. In addition, this limited warranty shall not apply to damage due to structural failure, or
physical abuse to the pool. 2. Some loss of stone/jewels is expected especially in a new application; this is not to be considered a failure
and/or defect. During the curing process, lightly brush the Finish daily to help keep the surface clean.

3 This warranty shall not cover Finish installed outside of a body of water, including but not limited to negative edges, dam walls, beach
entries, rolled bond beams, spillways and waterfalls.

4 Stone/Jewels and application techniques will result in unique variations that are part of this handcrafted process. The colors and highlights
of the Finish will alter with the reflection of the sun. Such variations shall not be considered to be a defect and/or failure. In addition, minor
surface checking, "crazing", and/or cracks are not covered by this warranty. This Finish is not structural.

5 This limited warranty is only valid to the original pool owner listed above and is non-transferable. 6 This warranty shall not cover leaks
from pool or spa. homeowner will have to contact a leak detection. Payment will be made as outlined and discussed. Balances that remain due
after 7 days incur interest at the rate of 1.5% per month and will have a lien on the property, contractor and residence will receive a copy of
the notice to owner and lien. Should Sparkling Pools have to refer this for collection then you are responsible for all costs of collections
including attorney's fees and lien fee will apply to the amount due. In the event, that Sparkling Pool Finishes LLC has to initiate a lawsuit, the
prevailing party shall be entitled to reasonable attorney fees and costs. NPC Technical Manual Eighth Edition, 2016 (1.1,2) Swimming pool
interior finish coatings are considered "floating" finishes that must be leveled, smoothed, and finished by "free hand" 3,18 In other words, the
cementitious surface coating is not cast-in-place, molded, screened, or guided by template, as with most cementitious products,. Therefore, all
swimming pool inherent fluctuation in smoothness, levelness, texture, and coloration across the finished surface. Though all cementitious
surface coatings develop some shrinkage cracking or check cracking, these cracks typically reveal themselves within in few day after
plastering as the cement continues to hydrate underwater. (8.14.15) Cracks that do not seal underwater can be filled in accordance with
Section (7.2.3.1) 27.28 Thank you for your business
