1	Indoor/Outdoor AIVIA 200 wall cabinet with fan, alarm and heater. Does not include breaker box or TBT cables. Must be installed by a licensed electrician. **The alarm, lights, fan and optional heater are powered by the 24VDC Power Supply. Please note: The power supply must be hard-wired into your facility's electrical system by a licensed electrician. With the alarm feature, removing the AED from the cabinet immediately triggers a visual alarm of flashing red LEDs as well as an audible alarm (103dB). In low ambient light conditions, a luminosity sensor automatically activates flashing white LEDs to help identify the location of the AIVIA 200. The fan and optional convection heating system combine to make a complete climate controlled environment which maintains the internal temperature within the recommended parameters for your AED.	647.00	647.00T
